ClockedIn Software Release Notes – OnTime Version 4.0.7

Software:	ClockedIn – OnTime Android Application
Current version number:	V4.0.6
Reason for update:	Performance enhancements to the OnTime app
Changes made:	- Performance enhancements to the code in relation to the device sync API. This will identify if the server stops responding and then will automatically start the service again from the OnTime application.
New version number:	V4.0.7
Date of release:	21.07.2021

Testing Steps:	N/A – No change to the app functionality.
Other Impacts:	All changes in this version have been tested in the ClockedIn Testing environment and no further occurrences have been identified.
Notes:	The App can only be connected to AirStack Version 2.0 or above
Updates:	Devices using OnTime will need to be upgraded.
